Each member who intends to compete in this competition is required to read, understand, and agree to all Rules prior to participation. The Rules are a contract between each iRacing member, iRacing.com Motorsport Simulations, LLC, Racing Prodigy member, and Racing Prodigy, Inc. RACING PRODIGY OVERVIEW

Racing Prodigy has opened motorsports to all.

Historically, the cost of pursuing a career in motorsports has been so daunting that 99%+ of people never realize the opportunity or even dare dream of becoming a professional racer.

How did we change this?

It starts with sim racing. Millions compete, and we know, firsthand, sim racing skills transfer to the real race cars on real racetracks. This is why we partnered with game publishers, offering esports competitions across many sim racing games, enabling us to identify prodigies that may otherwise go undiscovered. These sim racers, many of whom will prove they can be the world's best in real-life (IRL) racers, will have the opportunity to earn one of many Prodigy Passes™ – the golden tickets of motorsports - to then compete in real race cars at Prodigy Week™.

[Prodigy Week, Season 1, Part 2](#), was held at Atlanta Motorsports Park, one hour drive north of Atlanta, Georgia, May 13-15, 2024 – 20 Prodigy Pass winners competed in Radical SR1s, in the fitness center, skid pad, and autocross course with the major focus on track in the Radical SR1.

Following Prodigy Week, the inaugural Prodigy Draft™ saw 24 drivers selected by six Prodigy Racing Teams [live from the Williams Racing Fan Zone in downtown London](#). These 24 drivers received paid pro contracts to race in the Prodigy Three Championship, the first of three tiers of real-world racing in the PRL, which started November 16-17, 2024, at NOLA Motorsports Park and concluded at the same racetrack, March 29-30, 2025.

These paid P3 drivers filled the grid and competed for prize money in the first racing series made up of those who earned their way in—rather than bought their way in. (One cannot buy a drive in this series.) Twenty who excelled on track in our P3 real-world series are moving up to the second tier of real-world racing in 2026, also operated and controlled by Racing Prodigy. The goal is to establish three tiers of real racing, completing our e2Real™ league. For those with the skill, you should be able to build a career in motorsports with us, without the need to hunt for your own sponsors to stay in the sport.

This is why we have created the Prodigy Racing League - the world's first e2Real sports league. This league is the first in motorsports with a real-world ladder, open to all, regardless of bank account size or connections.

To continue to grow a new motorsport, we the e2Real league need support from the sim racing community via esports participation and social following and from partners who desire to transform motorsport. In 2024, more companies joined us in our work to open motorsports to those with the skill. Thank you to [Asetek SimSports®](#), [MPI](#), [PitFit Training](#), [SIM-LAB](#), [GRID Engineering](#), and [Racers Physio](#) who helped kick-off the PRL. We added additional partners in PRL Season 1 Part 2, [Mazda](#), [SuckerPunch](#), [Women in Motorsports North America](#), [Toyo Tires](#), and [Advanced SimRacing](#) to our family and added [Williams Esports](#), [Thibaut Courtois](#), [G2 Esports](#), [BS+COMPETITION](#), and [Guild Esports](#) as Prodigy Racing Teams in season 2, along with partners [Racing Electronics](#), [Wine Country Motorsports](#), and [Biltong Depot](#). We have launched an [open coaching marketplace](#) on [RacingProdigy.com](#) to generate more support for the racers and revenue to fund the league. We are not handpicking sim racers to offer their coaching services; we are creating an open marketplace and ecosystem that allows those with the skill and effort to participate and flourish. With these efforts and more, we work to greatly expand the sport we love.

The only way we accomplish this is together.

Race Points – Regular Season

For drivers in the iRacing **Racing Prodigy Radical SR8 Cup** series, your best weekly single race result is taken each week if you run 1-4 races; average of your best two single race results is taken if you run 5-8 races; average of your best three single race results is taken if you run 9 races. Points are awarded the same for each split based on finishing position. E.g., if there are 10 splits each winner will get the same number of points.

P1 = 40 points	P6 = 31 points	P11 = 26 points	P16 = 21 points
P2 = 35 points	P7 = 30 points	P12 = 25 points	P17 = 20 points
P3 = 34 points	P8 = 29 points	P13 = 24 points	P18 = 19 points
P4 = 33 points	P9 = 28 points	P14 = 23 points	P19 = 18 points
P5 = 32 points	P10 = 27 points	P15 = 22 points	P20 = 17 points

For drivers in the iRacing **Williams Gaming Club (WGC) Racing Prodigy Radical SR8 Series** of Time Attacks, drivers will receive points each week based on their leaderboard ranking. The top driver each week will receive 100 points, second place 99, and so on. The 6 drivers with the most points at the end of the event (factoring in 2 drop weeks) will advance to the Finals.

Race Car – Regular Season and Postseason Finals

Both stages of the competition will take place using the “baseline” fixed car setup for the “Radical SR8” race car (included with iRacing membership). For the Finals, fast repair will be disabled.

Race Format – Regular Season

For the **Racing Prodigy Radical SR8 Cup** series, race splits/groups are snaked based on iRating (rather than being set based on grouping similar iRatings together) to roughly average the strength of field, providing the opportunity for anyone, regardless of their iRating, to earn enough points to become one of 24 to move into the Finals on July 6 (stage 2 of 2).

- Series rankings will be based on the best five weekends (there is two (2) drops).
- Each race will be 20 minutes long.
- The maximum number of racers in each race will be 20.
- A minimum of 10 racers per race will be required to officially count.

Racing Conditions – Regular Season

- Drivers WILL gain/lose iRating and Safety Rating when participating in the iRacing Racing Prodigy Radical SR8 Cup official series and WILL NOT gain/lose iRating and Safety Rating when participating in the iRacing Williams Gaming Club (WGC) Racing Prodigy Radical SR8 Series of Time Attacks.
- Dynamic conditions will be turned on, with the same conditions used for every split for the same race.
- Tire wear will be set to ON.
- Tire temperature will not be disabled, which means the tires will heat up throughout the session.
- Fuel consumption will be set to ON.

Postseason Finals, PRL-Hosted Races (Stage 2 of 2)

The Finals, managed and run by the Prodigy Racing League and its partners, are July 6, 2025.

The racetracks will be announced a week before the event. The tracks will have been part of the seven racetracks shown above during the series. Finalists will be informed of the three finals tracks one week before the Finals but will only find out the order 1 hour before the races start.

The top 24 points finishers with a Racing Prodigy Membership (RPM) in the iRacing Racing Prodigy Radical SR8 Cup official series will advance to the Finals. The top 6 points finishers with a Racing Prodigy Membership (RPM) in the iRacing Williams Gaming Club (WGC) Racing Prodigy Radical SR8 Series of Time Attacks will advance to the same Finals hosted by Racing Prodigy.

Advancement Policy: If a driver qualifies for the Finals in both series, they will advance from the series in which they have the higher rank. The next highest-ranked driver from the series where the spot was vacated will be promoted to ensure a full field. This process will be repeated for any additional drivers who qualify in both series.

These top 30 highest points finishers enter the Finals starting at 12:00 PM ET / 4:00 PM GMT.

- Group 1 - Three Races; 30 racers; **WINNER EARNS A PRODIGY PASS.**

Finals Grouping: All Drivers will be in the same Final grouping.

PENALTY SYSTEM

Penalties on and off-track

Penalties may be assessed post-race. Racers who believe a penalty should be assessed have the right to protest; race stewards will not proactively assess on-track issues without a driver submitting an official protest in a timely manner (see Protests Section below).

Our penalty system is as follows:

Warning:	Given for minor incidents, such as a small collision or going off track without gaining an advantage. No penalty will be issued, but drivers will be notified that their behavior is being monitored.
5-second penalty:	Given for more serious incidents, such as causing a collision or exceeding track limits to gain an advantage. A 5-second penalty will be added to the offending driver's race time.
10-second penalty:	Given for significant incidents, such as causing a multi-car collision or repeatedly exceeding track limits to gain an advantage. A 10-second penalty will be added to the offending driver's race time.
20-second penalty:	Given for severe incidents, such as deliberately causing a collision or ignoring multiple warnings for unsportsmanlike behavior. A 20-second penalty will be added to the offending driver's race time.
Disqualification:	Given for the most serious incidents, such as cheating or exploiting the game, or repeatedly ignoring warnings and penalties. The driver will be removed from the race and will not be eligible to receive any prizes.

In addition:

- *On or off-track behavior:* It is important that the drivers keep their wits about them. We do not support unsportsmanlike conduct; anyone who does anything that we deem unjust will be penalized if protested.
- *In-game penalties:* Penalties given to a driver via the game should be respected but are able to be protested just like any other penalty.

PROTESTS

Protest Form

If a driver feels as though he or she has been wrongfully penalized, or another driver should be penalized, they must fill out the Racing Prodigy official protest form, found on the Racing Prodigy Discord server, within one (1) hour after the end of the race. You are not allowed to make protests on another's behalf or against someone for an incident that did not involve you.

The driver being protested may be contacted by the stewards (via Discord direct message) if their point of view is deemed necessary. The protested driver then has 1 hour to submit his/her own evidence. A ruling can be made by the Stewards without needing the protested driver's point of view.

CHEATING & EXPLOITS

Cheating

Cheating will not be condoned, no matter the severity, under any circumstance. Any driver who is caught cheating will be disqualified immediately from the competition and will be indefinitely banned or suspended from all Racing Prodigy activities and his or her Racing Prodigy membership revoked.

Examples of cheating include, but are not limited to, add-ons outside of the game that provide an advantage, managing to clear a penalty before the start/finish line, and any other advantage that could be gained outside of the simulator.

Exploits

Exploiting the game, just like cheating, is not tolerated and any driver caught doing so will be disqualified from the competition and will be indefinitely banned or suspended from all Racing Prodigy activities with their Racing Prodigy membership revoked.

An example of exploits includes purposely removing the braking boards/markers on track during a race or clearing penalties on previous laps to gain a speed advantage the next lap.
